

OBSSESSIONS - The Creative Resource
Pushing the edge of photography for 20+ years

Corporate Headshots

Obsessions specializes in photographing large corporate groups in a timely and efficient manner. Both on-location and in clients' offices, we have photographed groups as large as 120 in one hour.

Individual headshots are also available in both B&W and color.

Again, we are aware of your time constraints, and usually require only 30-45 minutes to photograph.
