PREPARE FOR YOUR SESSION

Your senior session is **ALL ABOUT YOU** so plan ahead and consider the tips below to create senior portraits of **YOU AT YOUR BEST**.

GETTING READY FOR YOUR SESSION

- Check your outfits for wrinkles and place them in a garment bag
- Do your nails (clear or neutral colors work best)
- Guys, be sure to shave the night before
- Limit exposure to the sun a few days before your photo session to avoid sunburns or tan lines

- Avoid getting a new hairstyle or cut right before your session
- Instead, select a comfortable style you know looks good

WHAT TO BRING

- Several extra outfits (while you may not wear every outfit, it is good to have several on hand)
- Casual and formal outfits – keep it simple
- Matching shoes (for full-length poses)
- Long sleeves and solid colors (to keep the focus on you)
- Letter jackets, uniforms, pets and props that reflect who you are
- Make-up, hair supplies, accessories and powder
- Friends and parents (to assist you and even join you for a few poses)

JUST BEFORE YOUR SESSION

- Do your hair and makeup before you arrive
- Apply concealer and powder to minimize any blemishes and then stop worrying! (Portrait retouching can eliminate small blemishes and under-eye circles on your final order) A professional make-up artist is available for a minimal charge for your shoot.

VIEWING YOUR PROOFS

- Before you leave your session, we will let you know how you will receive your proofs - either by picking them up at our studio, receiving them in the mail or by viewing online
- You can expect your proofs within approximately 1 week of your session
- Keep in mind that your proofs are not retouched, but your finished portrait order will be retouched to eliminate blemishes and soften lines
